ARD-C Type

Width / Length	Door Height	Drum height
3100 x 5465	2200	300-600

DSP Revolving Door w/Multi safety System

The system stops the door when it detects an object within 40 cm of the wing.

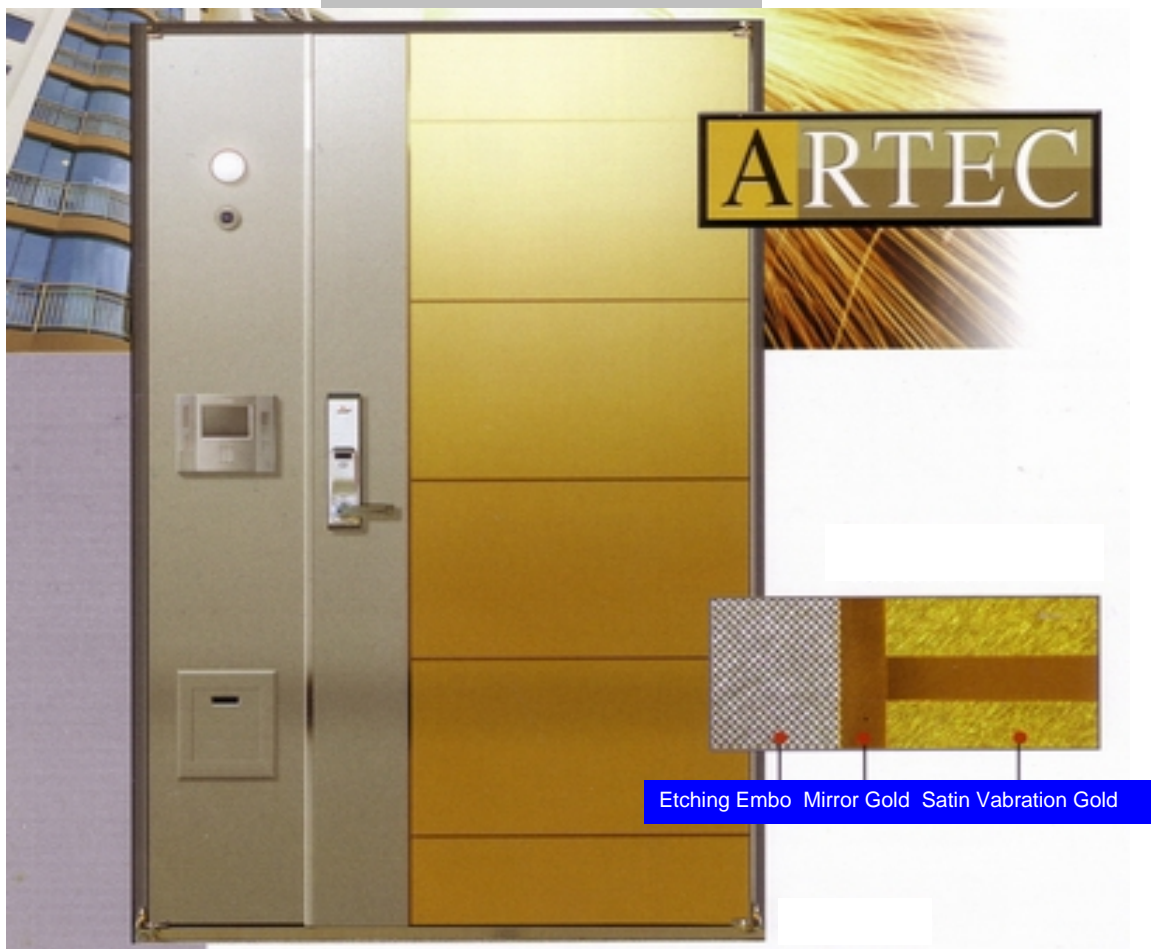

The door will stop when the door wing encounters an obstacle at any points or an obstacle is jammed between the door wing and drum.

Push buttons are placed at the entrance to the door. In case of an emergency the door will stop when the button is pushed.
